If the steel ball is in the middle or at the back end, please move the steel ball to the front then install it inside the drawer.

# House wardrobe Jonas

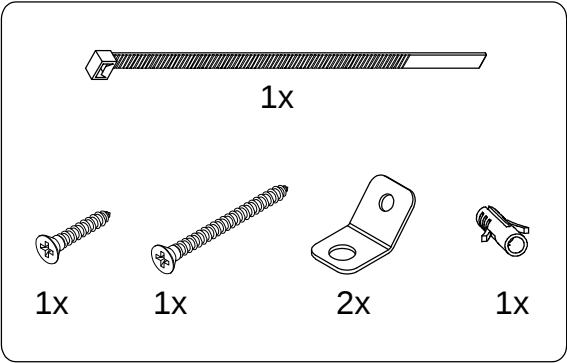

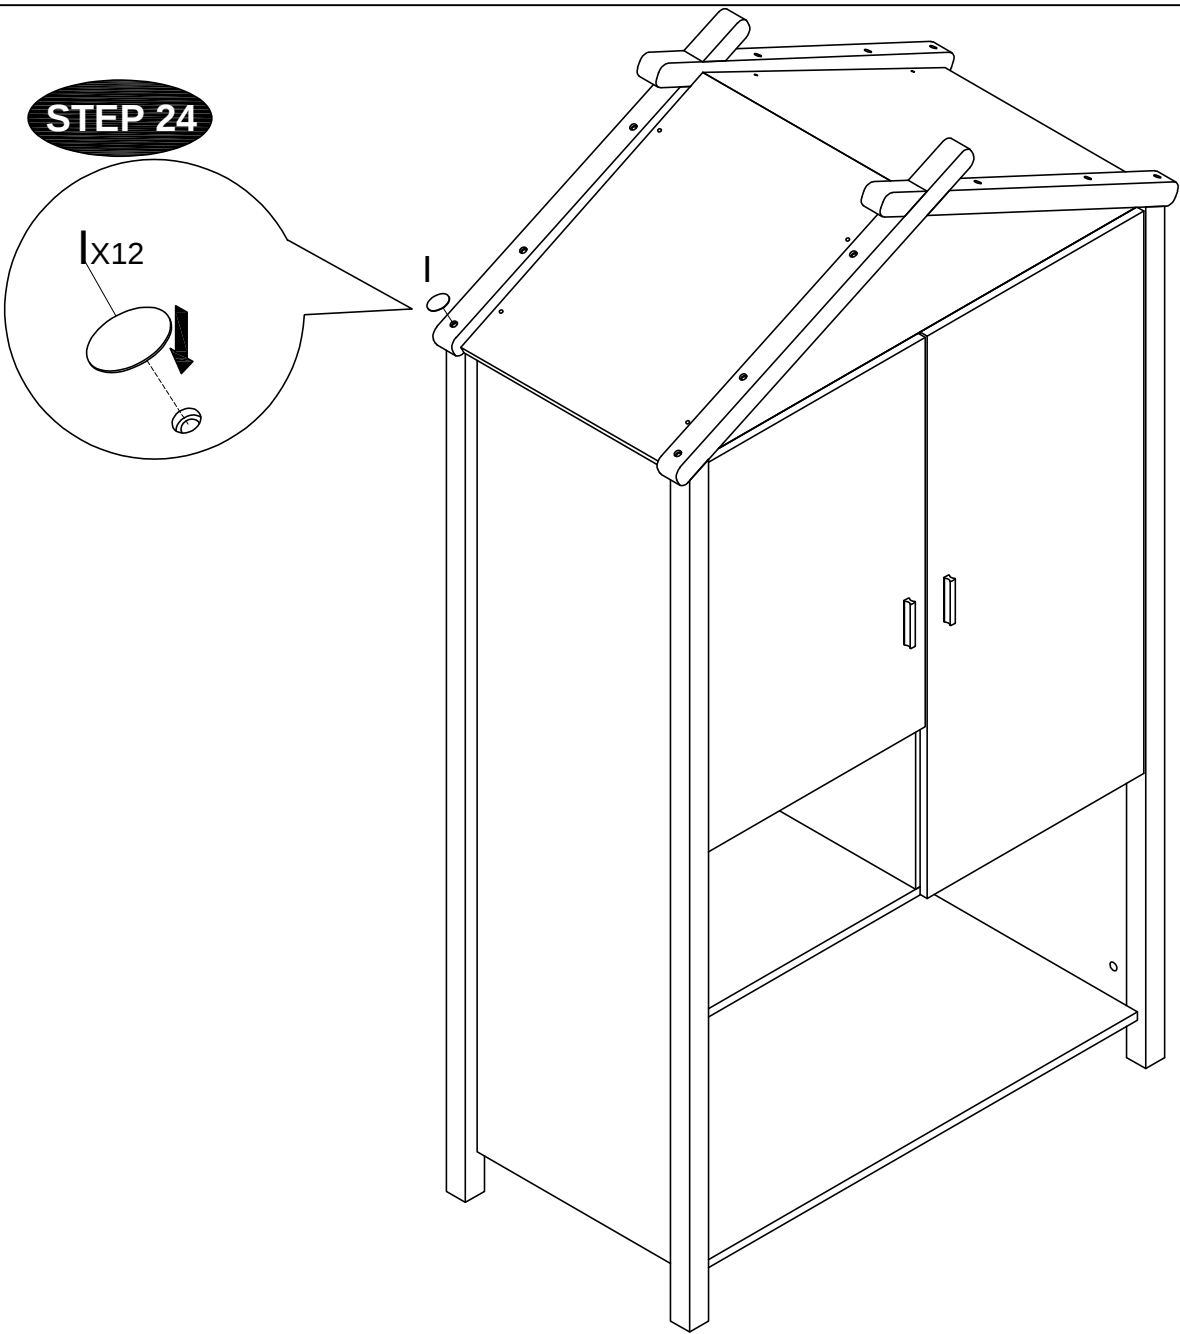

## STEP 23

If the gap between the drawing plank is too small or there is a collision in between, please loosen the screw and adjust the drawer plank up or down:

# House wardrobe Jonas

Safety tip: Please attach the wardrobe to the wall using the hardware provided.

WICHTIGE INFORMATIONEN  
IMPORTANT INFORMATION  
WAŻNE INFORMACJE

# Nature Kid - Allgemeine Pflege- und Sicherheitshinweise

Die Anleitung bitte vor dem Aufbau sorgfältig durchlesen und zum Nachlesen aufbewahren. Nicht in der Umgebung von kleinen Kindern aufbauen, da die Verpackung kleinste Teile beinhaltet. Plastikverpackungsteile daher bitte gleich wegwerfen.

## ALLGEMEINE PFLEGEHINWEISE

Pflege mit einem feuchten Lappen. Für hartnäckigen Schmutz empfehlen wir einen Schwamm mit Seife. Lösungs- und Verdünnungsmittel vermeiden.

Um die Luftfeuchtigkeit niedrig zu halten und Schimmelbildung in und um das Bett zu vermeiden, muss der Raum regelmäßig gelüftet werden.

## ALLGEMEINE SICHERHEITSHINWEISE

Schrauben und Bolzen sollten regelmäßig nachgezogen werden. Kontrolliere in geregelten Abständen alle Beschläge auf Schäden und korrekter sowie fester Montage, um Unfallgefahr zu vermeiden. Kontrolliere in geregelten Abständen den festen Sitz von Absturzsicherung, Leiter und anderen Teilen. Benutze nicht das Bett, wenn einige Teile gebrochen sind oder fehlen. Verwende nur originale Ersatzteile.

Verwende eine Matratze mit den empfohlenen Abmessungen und platziere den Rollboden/Lattenrost nach Angabe, um die Sturz- und andere Gefahren zu mindern oder ganz zu verhindern. Die Verwendung von Wassermatratzen oder Matratzen mit flüssigem Kern ist untersagt.

**ACHTUNG!!** Betrifft Etagen- und Hochbetten: Befolge die Informationen und Warnungen, die auf der Konstruktion des Etagen- /Hochbettes oder auf dem Karton gedruckt sind. Entferne nie die an dem Bett angebrachten Informationen und Warnungen.

Montage: Das Oberbett des Etagen- oder Hochbettes muss laut Gesetz mit 4 Absturzsicherungen und einer Leiter oder ähnlichem ausgerüstet sein. Die Etagen-/ Hochbetten entsprechen dem europäischen EN 747-2019 Sicherheits- und Haltbarkeitsstandard.

Kinder können zwischen dem Bett und der Wand eingeklemmt werden. Um ernste Verletzungsgefahr zu vermeiden, darf der Abstand zwischen der Oberkannte der Absturzsicherung und der Wand höchstens 75 mm betragen oder der Abstand muss grösser als 230 mm sein. Wird das Bett gegen eine Wand gestellt, muss das Bett mit der durchgehenden Absturzsicherung ganz zur Wand gestellt werden, um das Einklemmen von Kindern zwischen Bett und Wand zu verhindern.

Die Matratzenoberseite darf nicht über die im Absturzsicherungspfosten aufgebrachte Markierung der max. Matratzenhöhe hinausragen.

Bei unsachgemäßem Gebrauch können Etagen- und Hochbetten eine ernste Verletzungsgefahr durch Strangulation darstellen. Gegenstände, die nicht für den Gebrauch mit dem Bett bestimmt sind, dürfen niemals an einem Teil des Bettes befestigt oder aufgehängt werden, dies gilt z. B., aber nicht ausschließlich, für Seile, Schnüre, Kordeln, Haken, Gürtel und Taschen.

Hochbetten und das obere Bett von Etagenbetten sind für Kinder unter 6 Jahren aufgrund der Verletzungsgefahr durch Herabfallen nicht geeignet.

Benutze immer die Leiter, um in das obere Bett des Etagen- / Hochbettes zu gelangen

Im Bett hüpfen oder das Bett für nicht sachgemäße Zwecke zu benutzen, kann das Bett zerstören und weitere Schäden an Kinder hervorrufen.

**ACHTUNG!!** Betrifft Spielbetten mit Rutsche: Achten Sie beim Aufbau des Spielbettes darauf, dass am Auslauf der Rutsche genügend Freiraum vorhanden ist, damit Ihr Kind gefahrlos das Rutschen beenden kann. Es besteht sonst Verletzungsgefahr für ihr Kind. Achten Sie darauf, dass auf, an und nach der Rutsche keine Gegenstände vorhanden sind, die das Rutschen behindern könnten. Es besteht sonst Verletzungsgefahr für ihr Kind.

# Nature Kid – General Care and Safety Instructions

*Please read the instructions carefully before assembling the bed and keep this manual for future reference. Do not assemble the bed near small children, as the packaging contains small parts that can be swallowed. Please throw away all packaging material immediately.*

## GENERAL CARE INSTRUCTIONS

Wipe off with a damp cloth. For stubborn dirt, we recommend using a sponge with mild soap. Do not use thinner or lacquer based cleaning solutions.

To keep air moisture low and avoid molding of the bed or mattress, air the room regularly.

## SAFETY INSTRUCTIONS

Regularly check and tighten bolts and screws. Check fastness of guard rail, ladders, slides and other parts in regular intervals. Do not use the bed if parts are missing or broken. Only use original spare parts.

Only use mattresses with the recommended dimensions and assemble the slatted frame as instructed to avoid risk of falling or injury. The use of water mattresses with a liquid core is not recommended.

**WARNING!!** Regarding Bunk and High beds: Follow the instructions and warnings that are printed on the carton and instruction manual. Do not remove warnings and informations that are attached to the bed.

**Assembly:** The upper bed of the bunk or high bed must be used with guard rails and a ladder. The bunk and high beds are built according to the European EN747-2019 Standards.

## SAFETY INSTRUCTIONS

Children can become stuck between the bed and wall. To avoid risk of injury, the distance between the bed and wall should be maximum 75 mm or at least 230 mm. If the bed is placed by a wall, the long guard rail must be facign the wall to avoid injury risk.

The mattress may not be higher than the marking on the bedpost to avoid risk of the child fallign out of the bed.

Improper use of bunk and high beds can lead to serious risk of injury due to strangulation. Items that are not intended for use with bunk or high beds, including but not limited to ropes, strings, cords, belts, hooks and bags, may not be attached or hung to a part of the bunk or high bed.

Bunk and high beds are not suited for use by children under 6 years of age due to risk of fallign or injury.

## SAFETY INSTRUCTIONS

Children must always use the ladder to enter the upper bunk of the bunk or high bed.

Children may not jump in the bed or use it for any other than the intended purposes.

**WARNING!!** Regarding Play Beds with slides: Take care when assembling the bed that there is enough space provided at the end of the slide to avoid injury. Take care that there are no items in the way that could impede children using the slide properly, as this may cause injury to your child.
