HARDWARE LIST

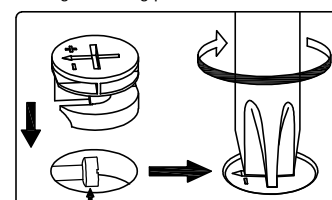

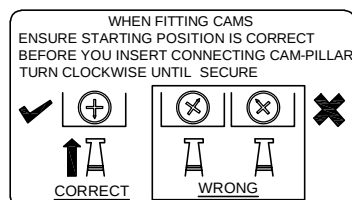

TIPS FOR FITTING CAM-LOCKS AND CAM-PILLARS

CAM-LOCK

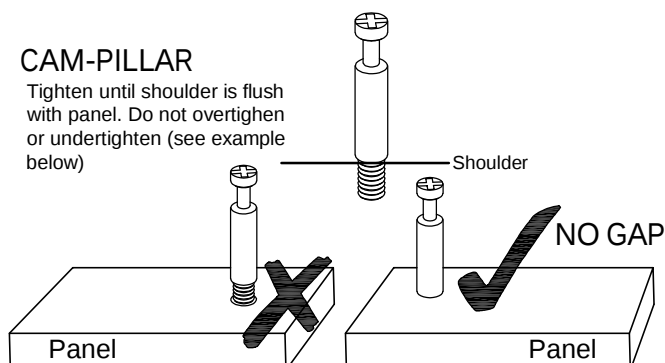

Align with long point of cross

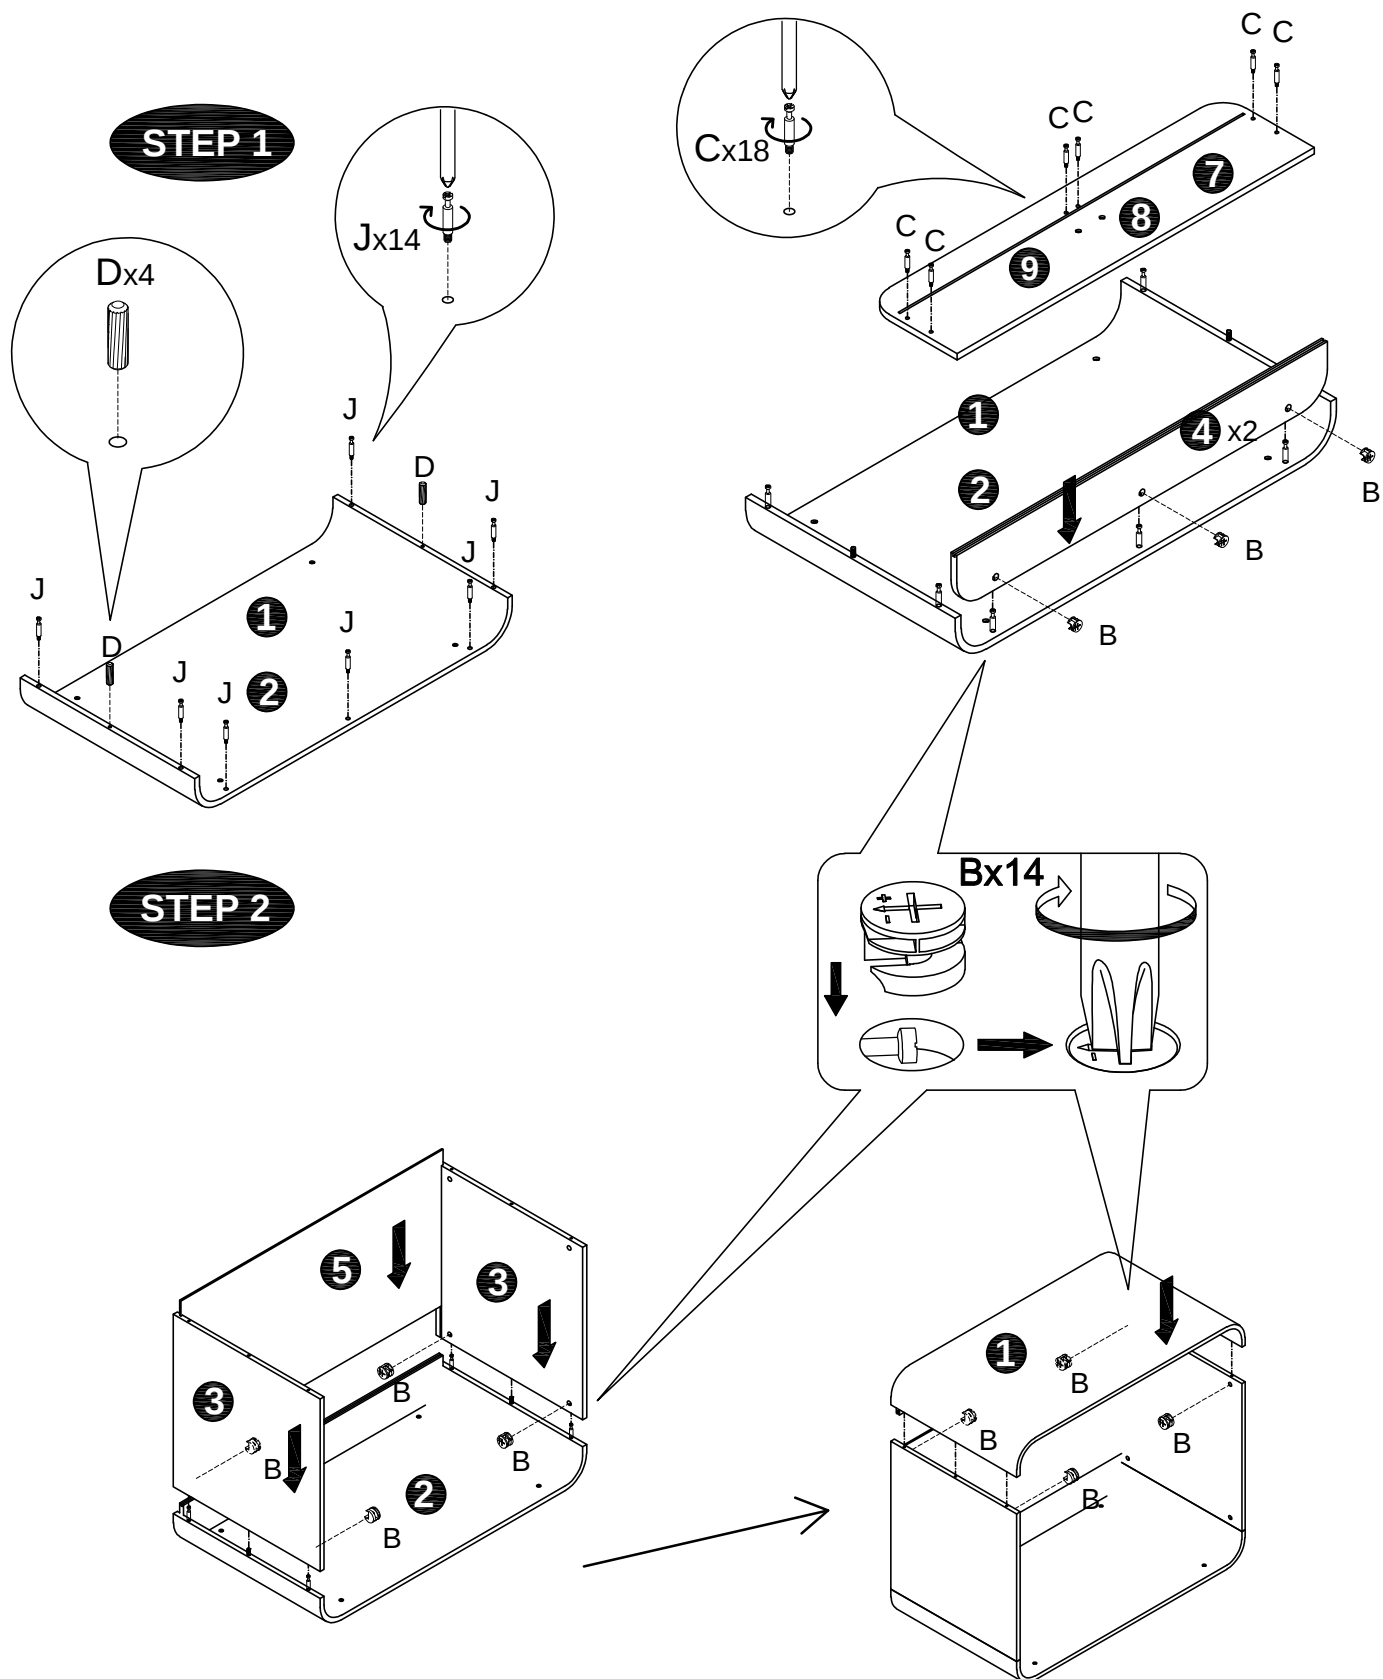

Pillar head needs to be in centre

CAM-PILLAR

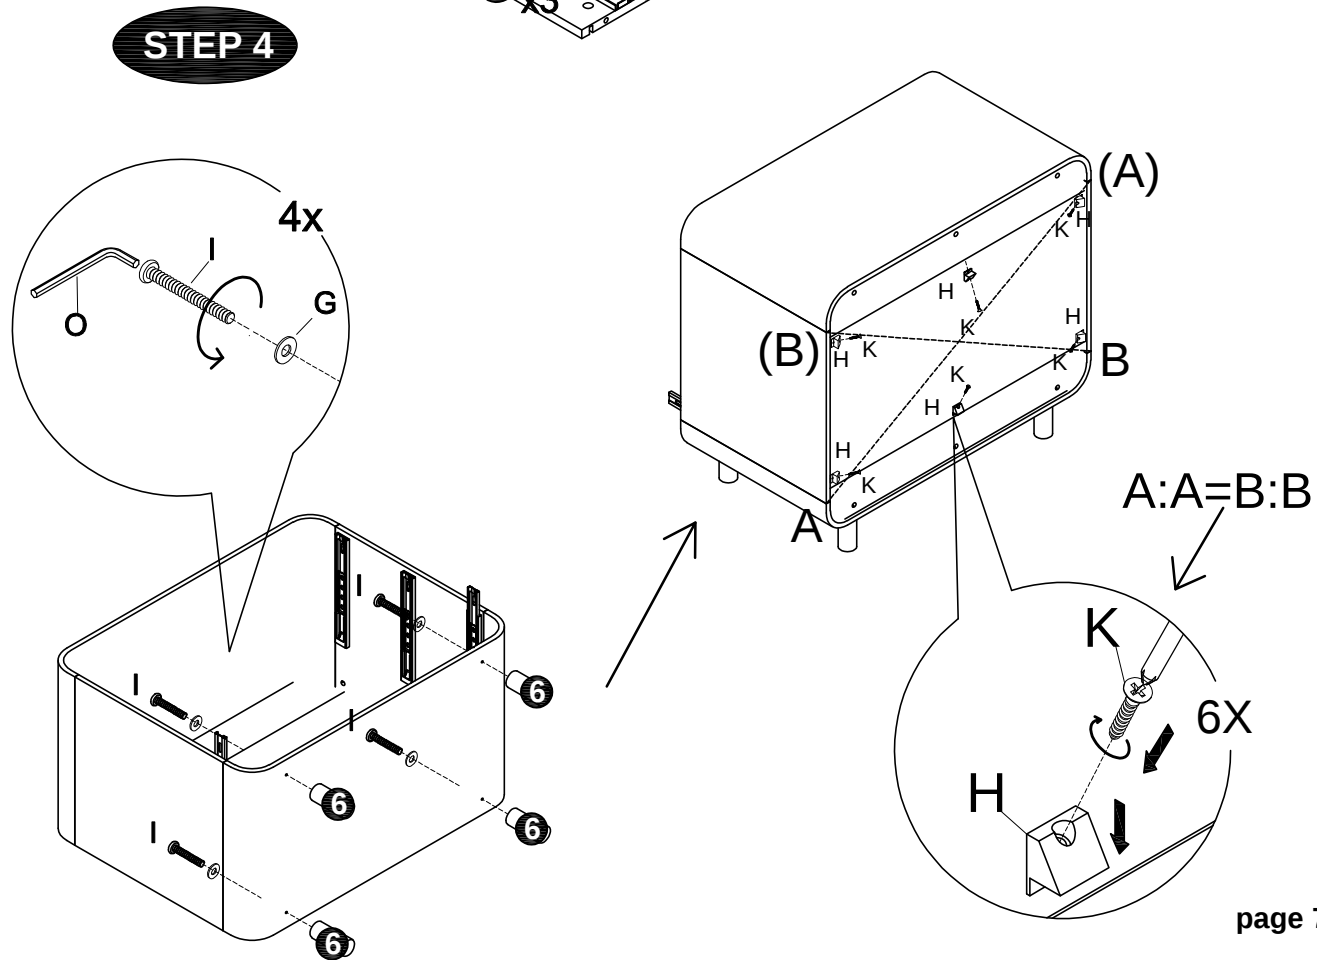

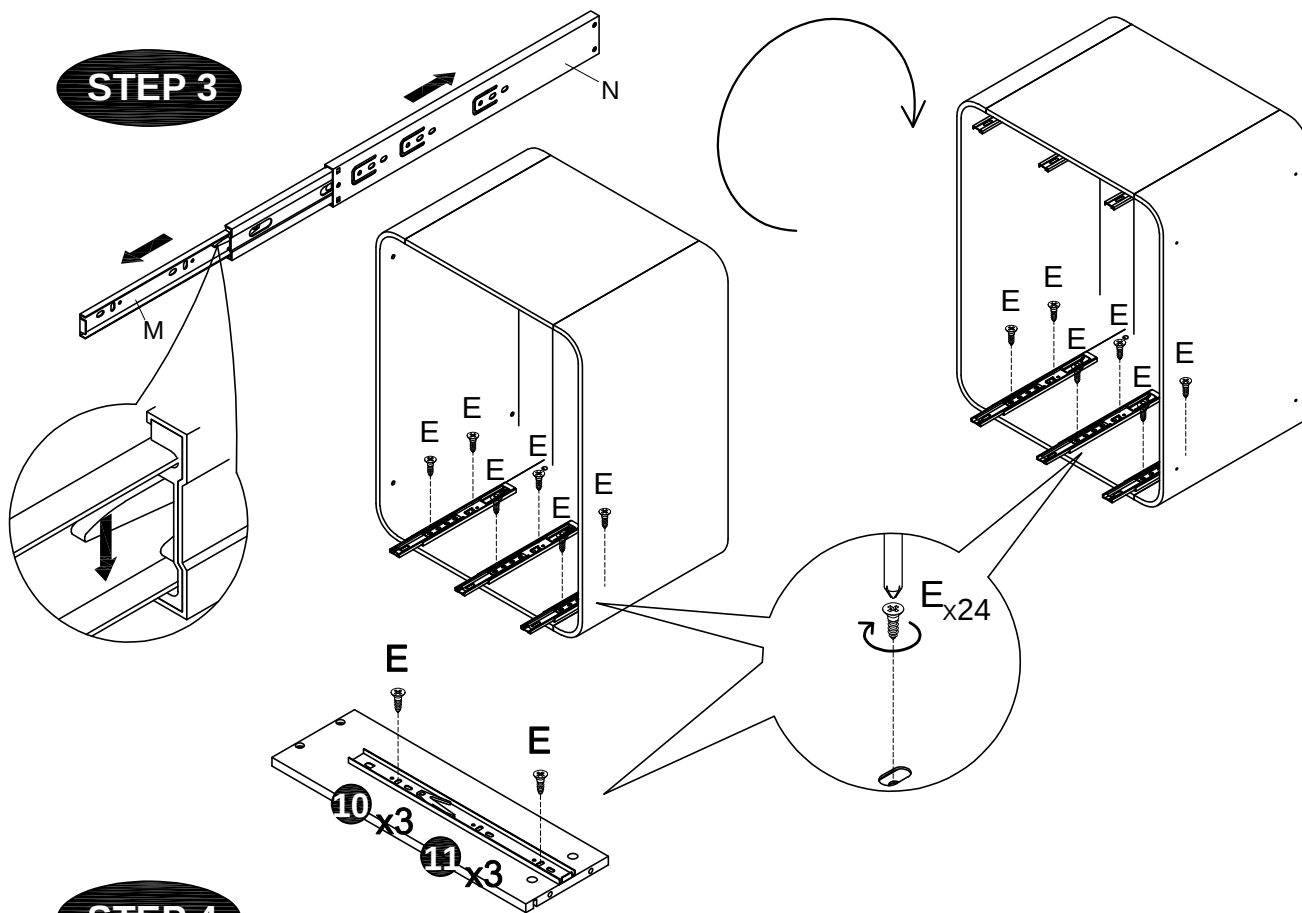

Tighten until shoulder is flush with panel. Do not overtighten or undertighten (see example below)

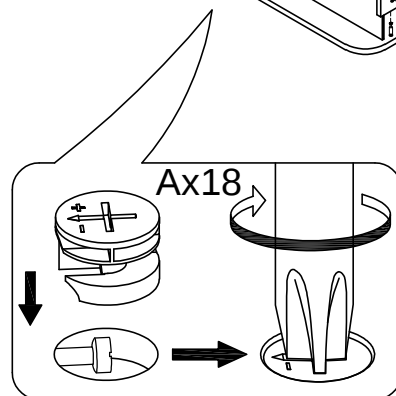

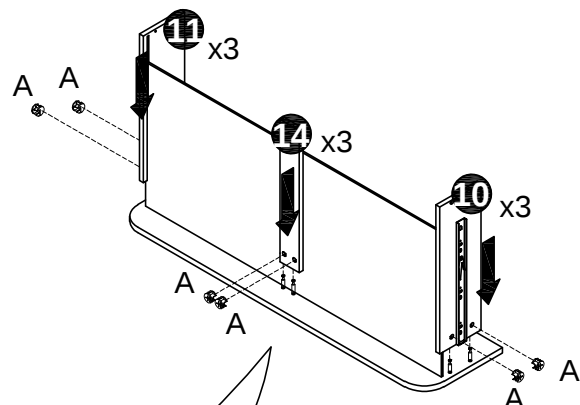

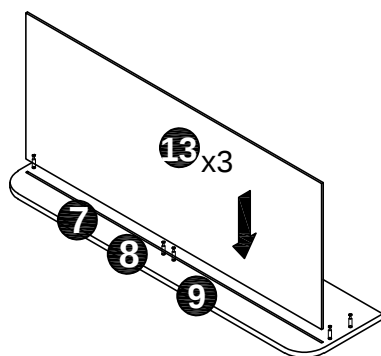

100266 100301

STEP 5

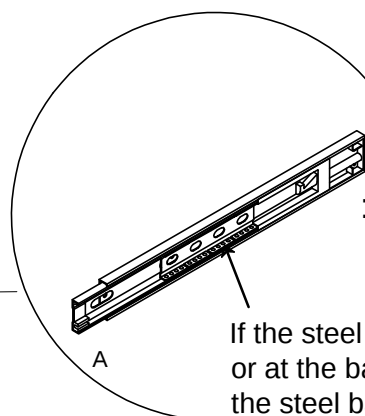

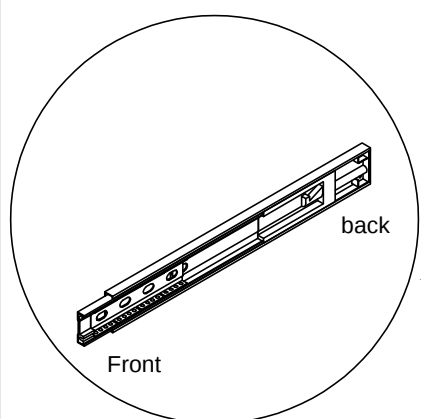

STEP 6

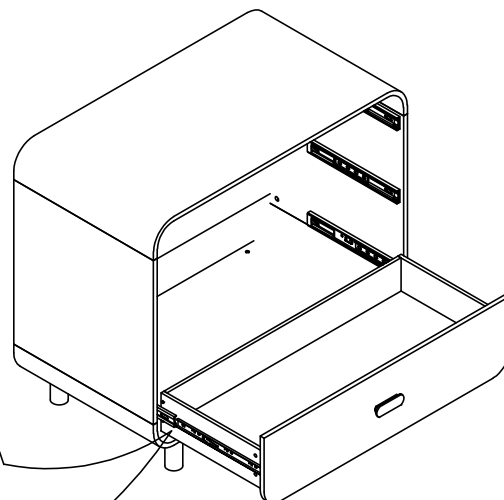

100266 100301

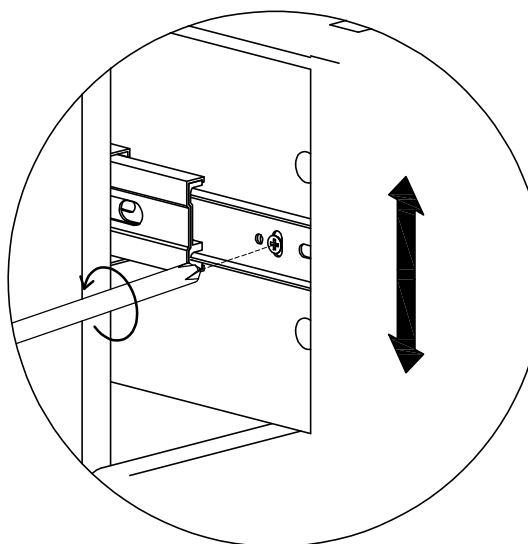

STEP 7

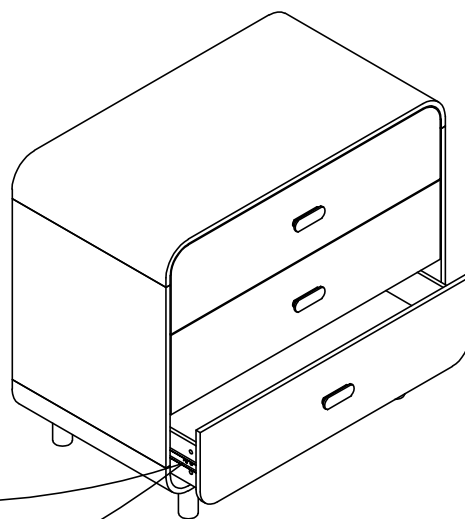

If the steel ball is in the middle or at the back end, please move the steel ball to the front then install it inside the drawer.

STEP 8

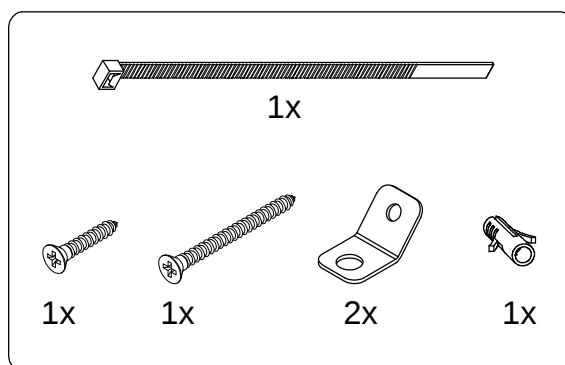

If the gap between the drawing plank is too small or there is a collision in between, please loosen the screw and adjust the drawer plank up or down:
